

Approved Real Estate Appraisers

The VAP will use an Approved Real Estate Appraiser to determine the Market Value of your property, as described in the VAP Booklet. In addition, you must use an Approved Real Estate Appraiser if you choose to challenge the initial determination of Market Value, subject to the eligibility and program requirements described in the Interim VAP Booklet.

If you are a real estate appraiser that would like to participate as an Approved Real Estate Appraiser for the VAP, please contact the VAP Administrator at PropertyAdministrator@alvarezandmarsal.com or (877) 270-6970 (toll-free voicemail line).
